

PRECISION ENGINEERING

SOLUTIONS FOR OVER 40 YEARS!

At Cullimore Engineering, we pride ourselves on our ability to solve problems. CEL has become renowned for *'outside of the box'* solutions to difficult engineering .

Femco BMC 110R3 Horizontal Borer

Machine includes a 60-tool automatic tool changer.

Item	Travel (mm)
Table (dimensions)	1400 x 1600
Horizontal cross travel	3000
Horizontal longitudinal travel	1700
Vertical headstock travel	1800
Rotation	∞
Maximum table load (kg)	6300

Dah Lih MCV-1350 Vertical Machining Centre

Machine includes a 24-tool automatic tool changer.

Item	Travel (mm)
Table (dimensions)	1700 x 680
Horizontal cross travel	1350
Horizontal longitudinal travel	630
Vertical headstock travel	700
Maximum table load	1500

Okuma Space Turn LB400 Lathe

Machine includes a 12-tool automatic tool changer.

Item	Travel (mm)
Maximum turning diameter	420
Maximum turning length	1270
Spindle bore	65

TOS Manual Lathe

Item	Travel (mm)
Maximum turning diameter	500
Maximum turning length	1500
Spindle bore	50.8

Microweily TY-26CNC Lathe

Machine includes a 8-tool automatic tool changer.

Item	Travel (mm)
Maximum turning diameter (over cross slide)	380
Maximum turning diameter (gap out)	860
Maximum turning length	2000
Spindle bore	105

Colchester LB400 Lathe

Machine includes a 12-tool automatic tool changer.

Item	Travel (mm)
Maximum turning diameter	433
Maximum turning length	1500
Spindle bore	76

Large Diameter Horizontal Lathe

Item	Travel (mm)
Maximum turning diameter (over saddle)	450
Maximum turning diameter (over bed)	700
Maximum turning length	3000
Spindle bore	80

Webster & Bennet Vertical Lathe

Item	Travel (mm)
Maximum turning diameter	1600
Maximum turning length	610

“At Cullimore Engineering, we pride ourselves on our ability to solves problems. CEL has become renowned for *‘outside of the box’* solutions to difficult situations.”
